

ENVIRONMENTAL POLICY

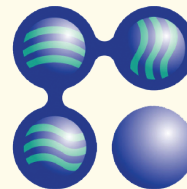

ECO SYNERGY SOLUTIONS SDN BHD is committed to provide quality service in a manner that ensures a safe and healthy workplace for our employees and minimises our potential impact on the environment. We operate in compliance with all relevant environmental legislation and strive to use pollution prevention and environmental best practices in all we do.

We:

- Seek opportunities to reduce our environmental impact, and we set, communicate, monitor and review objectives and targets to continuously improve our excellent standards of environmental performance.
- Strive to continually improve our environmental performance and minimise the social impact and damage of activities by periodically reviewing our environmental policy in light of our current and planned future activities.
- Avoid unnecessary use of hazardous materials and products, seek substitutions when feasible, and take all reasonable steps to protect human health and the environment when such materials must be used, stored and disposed of,
- Committed to comply with relevant environmental legislation and regulations.
- Committed to minimise waste and pollution arising from our activities and we monitor and, wherever practicable reduce, energy consumption.
- Prefer to work with suppliers who themselves have sound environmental policies.
- Ensure that all who work at **ECO SYNERGY SOLUTIONS SDN BHD** is aware of their environmental obligations, and the contributions they can individually make to care for the environment and prevent pollution.
- Communicate our environmental commitment to clients, customers and the public and encourage them to support it.
- As an Environmental Company we have put in place right from day one an environmental policy that has become one of the key foundation stones of our corporate culture.
